

VIP FOYERS

The VIP Foyer South impresses with its imposing ceilings and a staircase that leads “nowhere”. Monument conservation orders mean that the Olympiastadion Berlin is required to retain the staircase, even if there is no longer a connection to the ground level. Today, it is the ideal platform for DJs and other artists when parties are held at the VIP Foyer. The 630 square meters are equipped with all the amenities you could possibly need, ranging from the latest conference technology, and through to the catering and bar area.
